Standard Ruleset: Indian Commercial Playbook (14 Checks)	Analysis Mode: Deterministic Screening

0 / 14 COMPLIANT	0 / 14 NEEDS REVIEW	0 / 14 MISSING / HIGH RISK
---------------------	------------------------	-------------------------------

Executive Legal Summary

Master Services Agreement review completed. Missing DPDP Act 2023 data compliance covenants and uncapped vendor indemnities detected.

Key Legal Risks & Red Flags

- Missing statutory data fiduciary/processor covenants under Indias DPDP Act 2023. - Uncapped indemnification for operational breaches with broad third-party claim exposure. - Ambiguity in GST invoice timelines and separate Income Tax TDS deduction obligations.

Tactical Negotiation Priorities

- Incorporate a 12-month trailing fee liability cap with standard gross negligence exclusions. - Add a dedicated DPDP 2023 compliance clause with 72-hour breach reporting.

Clause-by-Clause Audit & Recommendations

Detailed assessment of 14 core templates under Indian commercial statutes.

1. Parties and signing authority [ADVISORY]	COMPLIANT
Detailed Analysis: Corporate identities found.	
2. India data protection and security [ADVISORY]	MISSING / HIGH RISK
Detailed Analysis: No DPDP clause found.
